

AUTOTRONIC ATF 9

5392G239HPREV0

Product Description:

AUTOTRONIC ATF 9 is a premium automatic transmission fluid based on an advanced synthetic technology allowing for very high performance needed for the demanding requirements of ZF 9HP automatic gearboxes. It is formulated with the latest additives available that ensures excellent oxidation stability and constant friction characteristics for a wide variety of 9-speed automatic transmission requirements.

Synthetically based and with improved thermal-stability and corrosion prevention, AUTOTRONIC ATF 9 provides a hassle free, smooth running auto transmission all year around and thus extended service life of bearings and gears.

AUTOTRONIC ATF 9 helps to reduce the entire driveline's energy consumption while raising driving performance and driving comfort. Thus, it realizes all developed concepts in a cost-effective way. It is suitable for use in automatic transmission of the latest 9HP-Series (9-speed automatic transmissions), 8HP-Series and 6HP-Series. It is **NOT** suitable for use in DCT/DSG (double clutch) or CVT (continuously variable automatic) transmissions.

Applications / Benefits:

- ▣ Excellent thermal and oxidation stability
- ▣ Superior protection against wear, rust and corrosion
- ▣ Much enhanced fluidity at very low operating temperature
- ▣ Superb viscosity stability in operation
- ▣ Reduced maintenance costs

Typical Characteristics:

Test Description	Method	
Specific Gravity @ 15 °C	ASTM D 4052	0.836
Flash Point, °C	ASTM D 92	208
Pour Point, °C	ASTM D 97	-45
Kinematic Viscosity, cSt @ 40°C	ASTM D 445	27.2
cSt @ 100°C	ASTM D 445	5.96
Viscosity Index	ASTM D 2270	174
Appearance	Visual	Light Green
